Le sedute girevoli AVIA sono caratterizzate da un elegante ed ergonomico design e dalle più avanzate concezioni tecnico/costruttive. La particolare realizzazione delle imbottiture accoppiate al sistema integrato SDS (Sincro Dinamic System) + ELS (Elastic Lombar Suppport) conferiscono prestazioni e comfort elevato. Le sedute sono offerte con tre altezze degli schienali e con poggiatesta con regolazione assiale millimetrica.

The elegant AVIA collection has an ergonomic design and is realized by hi-tech concept. The upholstery and the SDS (Sincro Dinamic System) + ELS (Elastic Lombar Support) systems gives a top result on the use and the comfort. Three back sizes are available (small, medium, high). The adjustable assial headrest versions are also available.

Le fauteuil pivotant AVIA se caractérise par l'élégance et l'ergonomie du design en plus des procédés de fabrication d'avant-garde. Le façonnage particulier des tapisseries, couplé au système intégré SDS (Synchro Dynamic System) + ELS (Elastic Lombar Support) procurent des prestations et confort inégalables. Les fauteuils se font en trois hauteurs de dossier et avec appuie tête à réglage axial millimétrique.

El elegante programa AVIA tiene un diseño ergonómico y está realizado mediante el concepto Hi-Tech. El tapizado y el SDS (sistema dinámico synchro) + ELS (soporte elástico lumbar) le dan a la silla un resultado excelente en cuanto al uso y confort. Está disponible en tres alturas de respaldo (bajo, medio y alto). También está disponible la versión con cabezal regulables.
