

BOLD

“Ho pensato a Bold58 come un insieme coerente in termini di sensazioni, di colori e di funzionalità. La leggerezza data da una visione dinamica della sospensione contrapposta alla rassicurante stabilità degli elementi scultorei, sono alla base del design di questa collezione. Un segno nuovo e deciso nell’ambiente ufficio.”
- design Roberto Giacomucci -

“I thought about Bold58 as a coherent whole in terms of sensations, colors and functionality. The lightness given by a dynamic view of the suspension contrasted with the reassuring stability of the sculptural elements, are the basis of the design of this collection. A new and determinate sign in the office environment.”
- design Roberto Giacomucci -

“J’ai pensé à Bold58 comme un ensemble cohérent en termes de sensations, de couleurs et de fonctionnalités. La légèreté donnée par une vision dynamique de la suspension par opposition à la stabilité rassurante des éléments sculpturaux, sont à la base du design de cette collection. Un signe nouveau et décidé dans l’environnement de bureau.”

BOLD58

UNIVERSE

Funzionale e d'impatto.

La postazione reception è pensata per fondere praticità e fascino senza tempo. I creativi incastri orizzontali e verticali dei blocchi creano un ambiente dinamico e confortevole, in cui i vari elementi si raccontano attraverso le diverse finiture della scrivania e delle mensole, in melaminico, laccato, vetro laccato o Laminam®.

Functional and impactful.

The reception area is designed to blend practicality and timeless charm. The creative horizontal and vertical joints of the blocks create a dynamic and comfortable environment, where the various elements are told through the different finishes of the desk and shelves, in melamine, lacquer, lacquered glass or Laminam®.

Fonctionnel et d'impact.

La banque d'accueil est conçue pour allier praticité et charme intemporel. Les créatifs encastréments horizontaux et verticaux des blocs créent un environnement dynamique et confortable, dans lequel les différents éléments se racontent à travers les différentes finitions du bureau et des étagères, en mélaminé, laqué, verre laqué ou Laminam®.

L'elemento reception si compone di due pannelli con giunzione a 45° che fungono da supporto al vetro lucido retro-laccato, entrambi in finitura GRIGIO FANGO.

The reception element consists of two panels with 45° junctions that act as a support for the glossy back-lacquered glass, both in MUD GRAY finish.

L'élément réception se compose de deux panneaux avec jonction à 45° qui servent de support au verre poli rétro-laqué, les deux en finition GRIS BOUE.

Il nuovo contenitore FRAME crea abbinamenti materici nuovi ed esclusivi. L'anta Laminam® NOIR DESIR si sposa perfettamente con le nuance dell'essenza EUCALIPTO, la finitura BRONZO del distanziale e il NERO del telaio.

The new FRAME container creates new and exclusive material combinations. The Laminam® NOIR DESIR door blends perfectly with the nuances of the EUCALYPTUS wood finish, the BRONZE finish of the spacer and the BLACK of the frame.

La nouvelle armoire FRAME crée des combinaisons de matériaux nouvelles et exclusives. La porte Laminam® NOIR DESIR se marie parfaitement avec les nuances de l'essence EUCALYPTUS, la finition BRONZE de l'entretoise et le NOIR du cadre.

Il tavolo caffè BOLD58 è un elemento immancabile per un ambiente ufficio prestigioso e accogliente. Continuità di forme e finiture tra gli articoli della collezione per uno spazio coordinato dedicato anche all'ospitalità.

The BOLD58 coffee table is an essential element for a prestigious and welcoming office environment. Continuity of shapes and finishes among the items in the collection for a coordinated space also dedicated to hospitality.

La table à café BOLD58 est un élément incontournable pour un environnement de bureau prestigieux et accueillant. Continuité des formes et des finitions entre les articles de la collection pour un espace coordonné dédié également à l'hospitalité.

Il Laminam® BIANCO STATUARIO riveste l'elemento reception BIANCO DANCE, donando esclusività e classe all'area accoglienza.

Laminam® WHITE STATUARY covers the WHITE DANCE reception element, giving exclusivity and class to the reception area.

Le Laminam® BLANC STATUAIRE revêt l'élément réception BLANC DANCE, en donnant exclusivité et classe à l'espace accueil.

Il Laminam® BIANCO STATUARIO impreziosisce anche gli elementi pensili, incorniciato dal telaio in alluminio BIANCO.

Laminam® WHITE STATUARY also embellishes the wall units, framed by the WHITE aluminum frame.

Le Laminam® BLANC STATUAIRE enrichit également les éléments suspendus, encadrés par le cadre en aluminium BLANC.

TECHNICAL

Fascino ed eleganza.

Le combinazioni di componenti, materiali, finiture e colori determinano ambienti ufficio dal forte impatto estetico, assicurando una funzionalità originale e raffinata.

Charm and elegance.

The combinations of components, materials, finishes and colors determine office environments with a strong aesthetic impact, ensuring original and refined functionality.

Charme et élégance.

Les combinaisons de composants, matériaux, finitions et couleurs déterminent des environnements de bureau au fort impact esthétique, en assurant une fonctionnalité originale et raffinée.

CASSETTIERA|PEDESTAL |CAISSON

La cassettera BOLD58 si configura in tre soluzioni materiche:

- in versione standard in essenza;
- in versione standard laccata;
- con struttura in finitura NERO ELEGANTE abbinata ai frontali dei cassetti in Laminam® NOIR DESIR e telaio in alluminio NERO, o con struttura BIANCO DANCE abbinata ai frontali in Laminam® BIANCO STATUARIO e telaio in alluminio BIANCO.

The BOLD58 drawer pedestal is configured in three material solutions:

- in standard version in wood finish;
- in standard lacquered solution;
- with SMART BLACK finish structure combined with Laminam® NOIR DESIR drawer fronts and BLACK aluminum frame, or with WHITE DANCE structure combined with Laminam® WHITE STATUARY fronts and WHITE aluminum frame.

Le caisson BOLD58 est configuré en trois solutions de matériaux:

- en version standard en essence;
- en solution standard laquée,
- avec structure en finition NOIR ÉLÉGANT combinée aux façades des tiroirs en Laminam® NOIR DESIR et cadre en aluminium NOIR, ou avec structure BLANC DANCE combinée aux façades en Laminam® BLANC STATUAIRE et cadre en aluminium BLANC.

MOBILE DI SERVIZIO|SERVICE UNIT|MEUBLE DE SERVICE

L'ampio mobile di servizio BOLD58 in soluzione freestanding è caratterizzato da una base in metallo in finitura TITANIO o BRONZO, da una struttura esterna con ante in essenza o laccata e da due cassetti centrali in NERO JAZZ o GRIGIO FANGO. In alternativa, per una soluzione contemporanea, la versione totalmente laccata di struttura, ante e cassetti.

The large BOLD58 service cabinet in a freestanding solution is characterized by a metal base in TITANIUM or BRONZE finish, an external structure with wood finish or lacquered doors and two central drawers in BLACK JAZZ or MUD GRAY. Alternatively, for a contemporary solution, the fully lacquered version of the structure, doors and drawers.

Le grand meuble de service BOLD58 en solution autoportant se caractérise par une base en métal en finition TITANE ou BRONZE, une structure externe avec portes en essence ou laquée et deux tiroirs centraux en NOIR JAZZ ou GRIS BOUE. Alternativement, pour une solution contemporaine, la version totalement laquée de la structure, des portes et des tiroirs.

MADIA FRAME|SIDEBOARD FRAME|BUFFET FRAME

Nella collezione BOLD58 il contenimento madia si arricchisce di dettagli, trasformandosi in Madia FRAME. Qui gli elementi di finitura si compongono di distanziali TITANIO o BRONZO e una combinazione di top e fianchi in essenza, caratterizzati da contrasti unici di orientamento delle venature.

In the BOLD58 collection, the sideboard is enriched with details, becoming in this way the FRAME sideboard. Here the finishing elements are made up of TITANIUM or BRONZE spacers and a combination of wood finish top and sides, characterized by unique contrasts of grain orientation.

Dans la collection BOLD58 le rangement du buffet s'enrichit de détails, se transformant en Buffet FRAME. Ici, les éléments de finition se composent d'entretoises TITANE ou BRONZE et une combinaison de tops et de panneaux latéraux en essence, caractérisés par des contrastes uniques d'orientation des veinure.

MADIA CON BASE IN METALL|SIDEBOARD WITH METAL BASE|BUFFET AVEC BASE EN MÉTAL

Vasta gamma di finiture per la nuova madia BOLD58 con base in metallo, in finitura TITANIO o BRONZO. Presentata in tre soluzioni di composizione, combina una struttura esterna in essenza o in versione laccata con giunzioni a 45°, pensili con cassa in melaminico o laccata e ante in quattro varianti di materiale: in essenza, laccate, in vetro con telaio in alluminio, in Laminam® con telaio in alluminio. Optional di grande impatto è il kit di illuminazione led inseribile all'interno degli elementi pensile con ante in vetro.

Wide range of finishes for the new BOLD58 sideboard with metal base, in TITANIUM or BRONZE finish. Presented in three composition solutions, it combines an external structure in wood finish or in lacquered version with 45 ° connections, wall units with melamine or lacquered case and doors in four material variants: in wood finish, lacquered, in glass with aluminum frame, in Laminam® with aluminum frame. High-impact optional is the LED lighting kit that can be integrated inside the wall units with glass doors.

Large gamme de finitions pour la nouvelle armoire BOLD58 avec base en métal, en finition TITANE ou BRONZE. Présentée en trois solutions de composition, elle combine une structure externe en essence ou en version laquée avec des joints à 45°, des meubles suspendus avec structure en mélaminé ou laqué et portes en quatre finitions : en essence, laqué, en verre avec cadre en aluminium, en Laminam® avec cadre en aluminium. Option de grand impact est le kit d'éclairage led insérable à l'intérieur des éléments suspendus avec portes en verre.

STORAGE

CONTENITORE FRAMESTORAGE UNIT FRAMEARMOIRE FRAME

Novità per il contenitore BOLD58 in versione FRAME.
Il top e i fianchi di finitura, in essenza, si rinnovano attraverso una composizione originale di contapposizioni venatura, combinandosi inoltre a un distanziale in versione TITANIO o BRONZO.

News for the BOLD58 container in the FRAME version.

The top and the finishing sides, in wood finish, are renewed through an original composition of grain counterpoints, also combined with a spacer in TITANIUM or BRONZE version.

Nouveauté pour l'armoire BOLD58 en version FRAME.

Le top et les côtés de finition, en essence, se renouvellent par une composition originale de contrastes de veinures, en se combinant également à une entretoise en version TITANE ou BRONZE.

LIBRERIA BOOKCASE BIBLIOTHÈQUE

La nuova Libreria GATE è una soluzione innovativa, personalizzabile nella configurazione, nelle dimensioni e nei materiali.
Una solida struttura esterna portante in metallo, in finitura TITANIO o BRONZO, racchiude divisori e ripiani in essenza o laccati, per una soluzione totalmente a giorno.
A completamento i pensili, anch'essi in versione a giorno, con ante in essenza, laccate, in vetro con telaio in alluminio o in Laminam® con telaio in alluminio. Elemento di esclusività l'accessorio di illuminazione interna led per la soluzione con anta in vetro.

The new GATE Library is an innovative solution, customizable in configuration, dimensions and materials. A solid external metal structure, in TITANIUM or BRONZE finish, encloses dividers and shelves in wood finish or lacquered, for a totally open solution. To complete the wall units, also in the open version, with doors in wood finish , lacquered, glass with aluminum frame or in Laminam® with aluminum frame. An element of exclusivity is the internal LED lighting accessory for the solution with glass door.

La nouvelle Bibliothèque GATE est une solution innovante, personnalisable dans la configuration, les dimensions et les matériaux. Une structure extérieure solide portant en métal, en finition TITANIUM ou BRONZE, renferme des diviseurs et des étagères en essence ou laqués, pour une solution totalement à jour. En complément des unités murales, également en version à jour, avec portes en essence, laqué, en verre avec cadre en aluminium ou en Laminam® avec cadre en aluminium. Élément d'exclusivité l'accessoire d'éclairage intérieur led pour la solution avec porte en verre.

DETAILS

ELETTRIFICAZIONE CABLE MANAGEMENTCÂBLAGE

Le scrivanie BOLD58 possono essere elettrificate grazie all'inserimento del passacavi VERSAPAD nell'elemento terminale del piano lavoro. Varie le tipologie di vertebra che permettono di contenere i cavi, per una pulizia e un ordine in linea con il design BOLD58.

The BOLD58 desks can host cable management thanks to the VERSAPAD top access in the terminal element of the worktop. Various types of cable tubes that allow to contain the cables, for cleaning and order in line with the BOLD58 design.

Les bureaux BOLD58 peuvent être électrifiés grâce à l'insertion du passe-câbles VERSAPAD dans l'élément terminal du plan de travail. Différents types de vertèbres qui permettent de contenir les câbles, pour un nettoyage et une commande en ligne avec le design BOLD58.

La cassettera integrata alla scrivania BOLD58 si completa di top access EXIT, per un passaggio cavi organizzato. Il foro passante, posizionato nella parte inferiore della cassettera, permette la corretta elettrificazione della postazione.

The drawer pedestal integrated into the BOLD58 desk is completed with EXIT top access, to allow for cable passage. The passing hole, positioned in the lower part of the drawer pedestal, offers the correct cable managment integration.

Le caisson intégré au bureau BOLD58 est complétée par un top-accès EXIT , pour un passage de câbles organisé. Le trou passant, positionné dans la partie inférieure du caisson, permet l'électrification correcte du poste de travail.

ORIENTAMENTO VENAWOOD VEIN ORIENTATION|ORIENTATION DU VEINURE

Una delle caratteristiche che rende unica la scrivania in essenza BOLD58 è rappresentata dall'orientamento vena degli elementi. La continuità della texture tra il fianco e la prima porzione del piano, congiunti tra loro a 45°, si pone in netto contrasto con l'orientamento dell'essenza del piano lavoro con sviluppo longitudinale. Un dettaglio di pregio che ne esalta il design.

One of the features that makes the BOLD58 desk in wood finish unique is represented by the orientation of the elements. The continuity of the texture between the side and the first portion of the top, joined together at 45° connection, stands in strong contrast to the orientation of the wood finish of the worktop with longitudinal development. A valuable detail that enhances the design.

Une des caractéristiques qui rend le bureau en essence BOLD58 unique est représenté par l'orientation de la veinure des éléments. La continuité de la texture entre le panneau latéral et la première partie du plateau, reliés entre eux à 45°, contraste fortement avec l'orientation de l'essence du plateau de travail avec développement longitudinal. Un détail précieux qui exalte son design.

Contrapposizione di texture, in essenza, che evidenzia l'accostamento dei piani, per una composizione originale delle superfici dal forte sviluppo orizzontale. In BOLD58 i tavoli riunione acquistano un carattere speciale e innovativo, completati da un sistema di elettrificazione centrale FLAP.

Contrast of textures, in wood finish, which highlights the juxtaposition of the tops, for an original composition of the surfaces with a strong horizontal development. In BOLD58 the meeting tables acquire a special and innovative character, completed by a central FLAP electrification system.

Contraste entre les texture, en essence, qui met en évidence la combinaison des plateaux, pour une composition originale des surfaces au fort développement horizontal. En BOLD58, les tables de réunion acquièrent un caractère spécial et innovant, complétées par un système d'électrification central FLAP.

ORIENTAMENTO VENAWOOD VEIN ORIENTATION|ORIENTATION DU VEINURE

Gli elementi di finitura sono accostati tra loro per creare soluzioni estetiche nuove, dando vita alla Madia FRAME. Il fianco e il top laterale sono collegati tra loro tramite giunzione a 45°; questi due elementi, posizionati su piani differenti nello spazio, creano continuità grazie al medesimo orientamento vena. A contrasto la fiamma del top centrale, qui posta longitudinalmente. Il distanziale in finitura TITANIO o BRONZO è il dettaglio che arricchisce l'intera composizione.

The finishing elements are combined together to create new aesthetic solutions, giving life to the FRAME sideboard. The side and the side top are connected to each other through a 45° connection; these two elements, positioned on different planes in the space, create continuity thanks to the same vein orientation. In contrast, the flame of the central top, here placed longitudinally. The spacer in TITANIUM or BRONZE finish is the detail that enriches the entire composition.

Les éléments de finition sont combinés pour créer de nouvelles solutions esthétiques, donnant vie au Buffet FRAME. Le top et le panneau latéral sont reliés entre eux par jonction à 45°, ces deux éléments, positionnés sur des plans différents dans l'espace, créent continuité grâce à la même orientation de la veinure. Par opposition la veinure du top central, placée longitudinalement. L'entretoise en finition TITANE ou BRONZE est le détail qui enrichit toute la composition.

Il Contenitore FRAME sostituisce i classici top e fianchi di finitura con una composizione particolare e ricercata che lo contraddistingue dal Contenitore Standard e ne esalta la suddivisione dei vari elementi: fianchi in essenza dall'orientamento venatura orizzontale, top laterali che danno continuità alla texture dei fianchi, top centrali con venature che si contrappongono a quelli laterali, distanziali in finitura metallo TITANIO o BRONZO.

The FRAME container replaces the classic finishing tops and sides with a particular and refined composition that distinguishes it from the Standard Container and enhances the subdivision of the various elements: sides in wood finish with a horizontal grain orientation, side tops that give continuity to the texture of the sides, central top with veins that contrast with the side ones, spacers in TITANIUM or BRONZE metal finish.

L' Armoire FRAME remplace les tops classiques et les côtés de finition avec une composition particulière et recherchée qui le distingue de l'Armoire Standard et en exalte la subdivision des différents éléments : côtés en essence avec orientation de la veinure horizontal, top latéraux qui donnent continuité à la texture des côtés, tops centraux avec veinures qui s'opposent à ceux latéraux, entretoises en finition métal TITANE ou BRONZE.
