	SOUNDBOX
Product name	
Exterior size	1100*900*2100mm
Interior size	1000*800*1960mm
Package size	2210*630*1280mm
Booth net weight	198KG
Booth material	Carbon plastic sound insulation board, PET acoustic board, polyester fiber acoustic cloth, aluminum profile, 304 stainless steel, ABS engineering plastic
Furniture material	Birch multilayer board, polyurethane sponge, polyester sofa fabric
Power input	civil single-phase AC power 220V/50hz
power output	220V 5A、5V 2.1A
Maximum power	1kW
Ambient Light	3.5W、170LM、4000k
Reading light	5W、160LM、3000K-6500K
Fan rotation speed	600-1500rpm
Air ventilation efficiency	> 30m³/h
Sound insulation volume	25db(±3dB)
Language intelligibility	> 0.76 STI A+ studio level
Formaldehyde	0.05 (E0级) E0 level
Benzene	ND (无) E0 level
TVOC	0.29
	Adjustable fresh air system, adjustable writing desk, Ergonomic sofa, reading eye protection light, overhead ambient light, usb2.0 integrated power supply, 220v five-hole AC power supply, hidden remo

Detail

Subtlety

Adjustable brightness and color temperature eye protection reading light
Ra97 high-definition finger to fit the actual "natural light"

Arm-curved sofa conforms to the ergonomic curve

Tool-free sofa backrest loading and unloading design for different postures and usage habits

Acoustic

Laboratory certification

Sound insulation volume

25dB

Voice intelligibility

STI A⁺

>0.76 Recording room level

SOUNDBOX is an acoustic technology company, we design and develop each acoustic products based on our understanding on environmental acoustics and following the scientific attitude of psychoacoustics and physiological acoustics. An flexible and quiet space meets your infinite creative ideas. The unconventional carbon plastic panel is its main component, SOLIDWORKS mechanical modeling guarantees the safety of modular and quick assembly of the cabin, and INSULMARSHALL ACOUSTIC acoustic simulation design accurately anticipates and achieves the booth sound insulation and acoustic environment index. It is a powerful, though not the most perfect minispaces.
